

Assistant Auditor

Our audit team is looking for a junior colleague for the position of "Assistant Auditor". This position is also suitable for fresh graduates or students in the final semester/year of university.

What work activities are you expected to perform?

- You will be a part of a wide audit team, where you are to work on audit projects under the leadership of experienced colleagues
- You will gradually make yourself familiar with and master the work of auditors from start to finish
- You will acquire detailed knowledge of the operation of a number of various firms from different sectors

What do we offer?

- Interesting work in a dynamically developing auditing company
- Friendly team and informal atmosphere
- Regular educational events, including appropriate support while acquiring the auditor's licence or other similar professional certifications
- Competitive salary and interesting benefits (Christmas holiday, contribution to public transportation, sick days, corporate events etc.)
- Offices in the modern Karlín city quarter, near the Metro station

What do we require?

- University education with an economic focus (completed or study in the final semester/year of university)
- Excellent knowledge of English (both spoken and written English language skills)
- Advanced knowledge in working with computers, especially with MS Office (Excel)
- Driving licence and willingness to travel
- Interest in auditing and accounting
- Willingness to learn new things and for continual education

Term of work commencement: immediately or according to an agreement
